### **DETAILED ACTION**

Claims 1-20 are pending in this application.

#### ***Action Summary***

1. The rejection of record under 35 U.S.C. 112, first paragraph and second paragraph with respect to "stable foam" is hereby withdrawn.
2. The rejection of record under 35 U.S.C. 112, second paragraph is being maintained for the reasons stated in the previous office action.
3. Examiner acknowledges the election of hydrogen peroxide as the chemical agent and all the claims that refer to it.
4. The rejection of record under 35 U.S.C. 102(b) over Jass et al. is being maintained for the reasons stated in the office action dated June 26, 1999 and will be repeated below.

#### ***Response to Arguments***

5. Applicant's arguments filed February 15, 2002 have been fully considered but they are not persuasive.

Applicants argue that there is support for "chemical agent" and "chemical compounds" and the scope of the phrase of "purified sea water". Applicant attempted to show support in the specification however, the pages and lines that were cited didn't correspond with what was trying to be explained. The support for "chemical agent" and "chemical compounds" and the scope of the phrase of "purified sea water" was still not found even after reading the specification in whole.

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

6. Claims 1-8 and 11-18 are rejected under 35 U.S.C. 102(b) as being anticipated by Jass et al. (US 3,976,223).

Jass et al. discloses an aerosol dispenser that contains 3% hydrogen peroxide and 0.6% sodium lauryl sulfate (Example A, col. 7-8, in particular col. 8, lines 48, 54 and 60-68). Consequently, Jass et al anticipate the instant claims 1-8 and 11-18.

***Conclusion***

7. Claims 1-8 and 11-18 stand rejected. Claims 9, 10, 19 and 20 are withdrawn from consideration as non-elected claims.
